Leonardo da Vinci Micro Site

The site will be built around a home page with links which branch into a variety of topics related to Da Vinci's life and inventions. I will be using photos from the Wikipedia article which I aim to incorporate in a creative manner.

Page Breakdowns

Landing Page: Introduces the website with imagery and lead the visitor to a variety of sub pages based on their interests.

Inventions: Details a number of Da Vinci's inventions with imagery and animated elements.

Life: Presents basic information and fun facts about Da Vinci's life.

Art: Display a few of Da Vinci's works of art in an engaging manner.

Philosophy and Thought Process: Introduce Da Vinci's philosophy.

Scientific Experiments: Detail Da Vinci's contributions to the scientific community.
